# acer
Empowering People

Educators and SMB users require clear, crisp projection of highly detailed text and images, and transportability for multi-venue meetings. The Acer X1260 meets these needs along with a host of nice features for superb value. Thanks to its native XGA (1024 x 768) resolution, 2000 ANSI Lumens brightness, 2000:1 contrast ratio, a 6-segment color wheel, and Acer ColorBoost and SmartFormat technologies, the Acer X1260 projects vivid hues and true blacks for very impressive presentations.

Audio	One internal speaker with 2 W output
Weight	2.3 kg (5 lbs.)
Dimensions (W x H x D)	267 x 187 x 80 mm (10.5 x 7.4 x 3.1 inches)
Remote Control	IR remote control
Noise Level	33 dBA

Feature Highlights

Crisp, radiant display
- Unique, elegant design
- Acer ColorBoost technology
- XGA resolution
- 2000 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

On-the-go usability
- Acer eView Management with innovative Blackboard Mode
- Acear eTimer Management
- Acer SmartFormat technology
- Acer InstantPack technology
- Automatic safety shutdown
- Quick signal detection

Outstanding functionality
- Longer lamp life (4000 hours)
- Keystone correction (40° vertical)
- Digital zoom and pan
- Built-in speaker
- Alarm
- RC security
- PIN security

Harmonious connectivity
- Monitor loop through
- RS-232 port
- Windows Vista® compliance

Acer ColorBoost Technology

ColorBoost

Featuring an optimized 6-segment color-wheel design, powerful image processing, and advanced lamp illumination technology Acer ColorBoost technology provides incredible color performance, never before seen in conventional projectors. Brilliant color with a high contrast ratio presents ultra-vivid images for business presentations, educational purposes, and home entertainment.

Acer SmartFormat Technology

SmartFormat

Conveniently supports comprehensive wide-format PC signals. You no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

Acer eTimer Management

Empowering Technology
eTimer

A digital clock that you can set and display onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

Acer eView Management with Blackboard Mode

Empowering Technology
eView

eView
Blackboard Mode

Acer eView Management helps you adjust your projector settings to suit any environment and any type of content in just a few moments. Six factory or user-defined presets instantly reconfigure color, brightness and contrast to deliver best-quality images every time. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

Instant Pack

Instant Pack

If you are in a hurry to leave, you can unplug the power cord right after the projector is turned off, without any resulting damage. There's no need to wait for a cooling period; the user can pack up the projector and leave immediately.

15-pin D-Sub for PC analog signal/ HDTV/component video input

3.5 mm audio mini jack

Kensington lock slot

AC-in jack

S-video mini DIN

Composite video RCA jack
